Aladin is a fantasy movie, a revamped version of the Arabian Nights' tale. Riteish Deshmukh is an orphan who grows up in Khwaish and has spent most of his life there getting tormented by Kasim and his equally psycho buddies. His drab life gets a dose of magic when Jasmine (Jacqueline Fernandez) gives him a lamp. Genius the Genie (Amitabh Bachchan) steps out of a magic lamp to grant him three wishes. He is desperate to grant the wishes and be rid of the lamp which is not a magical place to stay locked in. Soon, Aladin has to deal with the villainous Ring Master (Sanjay Dutt), an ex-genie. But why does he want to kill Aladin? Can Genius save Aladin from a nasty end?
